December 2019

Focus of the Month-

Call No.: 507.1 V371 2017

Well-designed STEM lessons offer students the opportunities for hands-on learning with real-world applications which enable them to integrate and apply knowledge and skills learnt including critical thinking, creativity, problem solving, decision making and acceptance of failure in their daily life.

To have a better idea of how to kick-start STEM education in your school, you may like to make

reference to *STEM Lesson Guideposts: Creating STEM Lessons for Your Curriculum*. The book introduces a W.H.E.R.E. model and a template for planning STEM lessons. The five key components of the model include identifying the key concepts, knowledge and skills that students need to learn, planning and evaluating the STEM lessons, connecting students' learning experiences in and outside class, and engaging students to explore further. If you are interested in seeking practical strategies that help foster STEM learning and teaching in your own classroom, please come to the Central Resources Centre and take the book home.

Newsletter Content

(Please click on the hyperlink / Scan the QR Code below for more information)

1. Book Fair

A. Assessment Literacy **B. Scientific Discovery** **C. Parent Education**

為配合讀者對電子資源的需求，中央資源中心已於二零一九年十二月十六日優化圖書館管理系統，並將於十二月下旬推出一系列教育參考電子書。新的介面簡便易用，歡迎大家瀏覽中心網頁親身體驗。

此外，由二零二零年一月二日起，中心的開放時間如下：

星期一至五：下午二時至六時

星期六：上午九時至下午一時

To cater for the needs of our users for electronic resources, the library management system for the Central Resources Centre (CRC) has been enhanced since 16 December 2019 and e-books for learning and teaching will be available in late December 2019. Please visit our website to experience the new user-friendly interface.

Besides, starting from 2 January 2020, the opening hours of the CRC are as follows:

Monday to Friday: 2:00 p.m. to 6:00 p.m.

Saturday: 9:00 a.m. to 1:00 p.m.
